The Philippine Conference on New Evangelization III is a three-day gathering of the laity, religious and clergy in order to explore further the theme of mercy in the context of the Filipino culture. It aims to facilitate a deeper reflection and experience of Jesus as the face of the Father's mercy, to propose and initiate concrete manifestations of the joyful call to become a merciful Church in the age of high technology and to awaken a sense of missionary discipleship among the Christian faithful. It is both a celebration and a call to action to cultivate mercy (awa) in our homes and communities.
